Together with Dr Mandy Scott, Convener of the Canberra Region Languages Forum and Dr Fuxin Li, President of the ACT Community Languages Schools Association, I consulted with Kirk Zwangobani, Chair of the ACT Multicultural Advisory Committee, on ways to assist the ACT Education Directorate and the ACT Community Services Directorate with the next steps. Following this, Dr Scott, Dr Li and I wrote to Mr Zwangobani on 19 March, outlining our offer of assistance.

## Supporting language learning, March 2019

Shadow ACT education spokesperson Elizabeth Lee's support of pathways for language learning in schools, was reported in *The Canberra Times* on 25 March (<https://www.canberratimes.com.au/story/5992203/liberals-plan-to-revamp-act-language-teaching/>). It is a concept that needs effective teacher supply, recruitment and retention provisions to make it work. There also needs to be effective central provision supported by ACT government for language learning. It is available in most jurisdictions except ACT. We wrote to ACT Government about this in December 2017, which CAL followed up with government through a budget submission in October (see below). The online version of a follow-up article in *The Canberra Times* on 9 April on languages education in the ACT (<https://www.canberratimes.com.au/story/6006721/shake-up-in-act-school-language-teaching-planned/>) includes points we raised with CT about this.

## ANGLS Conference, 15-16 August 2019

The Canberra Academy of Languages hosted the 2019 conference of the Australian Network of Government Languages Schools (ANGLS), which has held meetings annually since 1998 (this was their 22nd annual conference) on Thursday-Friday 15-16 August 2019. The venue was the Conference Room at Telopea Park School, kindly facilitated by Kerrie Blain, Telopea Principal.

We had about 20 participants, most of whom were principals and members of leadership teams from schools of languages and languages centres in Australian states and territories. For more details, see the News page on CAL website.

The program for the conference was about future directions in languages education. In addition to state reports, there were sessions on

- future directions in languages for the ACT public school

- program delivery and school evaluation in schools specialising in languages with principals of Telopea Park School and Narrabundah College
- capabilities sought and employment opportunities with Australian Government agencies with representatives from TIS National (Home Affairs), Department of Foreign Affairs and Trade, Defence Recruiting, and Department of Education
- languages advocacy with the President of the Australian Federation of Modern Language Teachers' Associations, the President of the Modern Language Teachers' Association of the ACT and the Convener of the Canberra Region Languages Forum.

Some of the delegates and presenters will be with us at our end of year ceremony.

A media release by ministers Dan Tehan and Ken Wyatt had just recently been published, announcing plans to develop a national languages strategy to support language teaching and learning in Australia. The question of national languages policy was discussed in some detail and ANGLS issued a response on 19 August. See

## Support for concept of language learning centre, 17 September 2019

The ACT Opposition Leader, Alistair Coe, speaking on ABC Canberra Breakfast program on Tuesday 17 September 2019, supported the idea of doing more for [language education in Canberra](#), including Indigenous languages, both in schools and through a language learning centre that is accessible and is in the right location. The Opposition Leader emphasised the importance of the idea of passing on wisdom, knowledge and language from one generation to the next. An audio file is available from the News page on CAL website.

## NSW adds new languages to curriculum

[NSW has added five new languages to its curriculum](#) - SBS report. Hindi,

Macedonian, Persian (Farsi), Punjabi, and Tamil will be taught from next year, taking the number of languages on offer to 69. Meanwhile, with the release of new languages curricula for the ACT in 2020, the number of languages has expanded from 8 to 11, including Tamil, which we will be delivering. There is now scope also to add further languages to the ACT senior secondary curriculum more readily than before, because of a new design where language-specific information for each language is located in an appendix for each course.

## Information Evening, Thursday 19 September 2019

We held a well-attended information evening for students who will be in Years 11-12 next year (or in following years) and their families, on Thursday 19 September 2019 at the Alliance Française, 66 McCaughey Street, Turner. ## CAL Business Case for 2020-2021 Budget, 25 October 2019

We sent a business case on 25 October to ACT Government as part of the budget consultation process for the 2020-2021 ACT Budget, with a proposal to strengthen languages education in the ACT. A copy of the submission is available from the News page on CAL website. It is also published on the ACT Government's budget consultation website.

**The key point in the submission is the need for the government to underwrite a central delivery strategy for languages education to supplement language learning programs in schools.** This strategy would have two components: a second tier of funding for community language schools, and the implementation by government of responsibility for centrally delivered senior secondary language learning programs to supplement those available in colleges, using the model and systems now in place with the Canberra Academy of Languages.

## Tamil program for 2020, announced 5 November 2019

The Canberra Academy of Languages has received the target number of enrolment applications enabling us to confirm that the CAL Tamil program will run in 2020. Our thanks to those who have helped to make this possible. Tamil is one of the additional languages that will be available through the new ACT senior secondary courses to be implemented from the start of next year.

Congratulations to our four graduating Year 12 students, who have all completed majors in French. Chelsea Kennett will speak at the end-of-year ceremony from a learner's perspective about her experiences and motivations in learning French. Chelsea and Mackenzie have also successfully undertaken the French Ministry of Education's Diplôme d'études en langue française (DELF) exams and will be awarded their diplomas at the ceremony. Mackenzie Willmets plans to undertake the next level during 2020. Grace, who will take up a post as au pair in Paris next year, also intends to do the DELF assessment during or after that. Juliette Nicol already has the B2 diploma from her time in New Caledonia and is considering a candidature for the C1 diploma in the future. Meanwhile, Sarah Twyman, Year 11, has an article published in the latest edition of Canberra en Français. Copies are available from the Alliance Française de Canberra. We look forward to further graduations in French and German in next year's Year 12 cohort, as well as commencement in Year 11 by students in French, German, Tamil and possibly Spanish for 2020. We wish you all a safe and enjoyable summer break and an excellent year ahead.

## CAL plans for 2020 and 2021

Programs to be delivered in 2020 may include French, German, Tamil and Spanish. There has been strong interest in particular from the Tamil community. For more information on plans for 2020, see the [Q & A about CAL programs for 2020](#), an overview which is available from the home page on CAL website at <https://cal.act.edu.au>. From next year, senior secondary languages courses in the ACT will follow the new languages curriculum, details of which are available on the BSSS website.

The CAL course implementation plan is the same for each language offered: 2019-S1: The World Around Us; 2019-S2: Lifestyle and Traditions; 2020-S1: The Individual (formerly titled The Individual's Experience); 2020-S2: Society and Community; 2021-S1: The Changing World (formerly titled The World Around Us); 2021-S2: Diverse Perspectives (formerly titled Lifestyle and Traditions).

As noted above, in our business case for the 2020-2021 ACT Budget, we have again drawn attention to the need for a government-supported central delivery strategy for languages education to supplement language learning programs in schools.

My thanks also go to our Advisory Panel members, my wife Rosalind Rice, who is also our director of studies; Dennis Flannery, who is also our Patron, Veronique Canellas, President of MLTA ACT; Mandy Scott, Convener of the Canberra Region Languages Forum. and Rebekah Gupte, whom we wish great success on her imminent move with her husband to Norfolk Island; and to the members of our reference group, particularly Ann Steward and Tim Conway, who have given us their help and advice throughout the year, particularly in preparing the business case for the 2020-2021 ACT Budget.
